

MSV Trackdays EnduroKA Series

Motorsport UK Series Permit No: RS2020/057

Existing regulation

N/A

Proposed additional regulation

2.8.9 Without exception, all driver change pit stops are required to be a minimum of 4-minutes. During the Snetterton 12-hour race all teams must complete a minimum of five 4-minute pit stops. During the Oulton Park 5-hour race all teams must complete a minimum of two 4-minute stops.

- I. Failure to complete the required number of pit stops in the race will result in a minimum of 4 minutes, per missed stop, being added to your race time.
- II. Failure to complete the 4 minutes stop in full during a driver change, will result in a stop-go penalty, the length of which shall be at the sole discretion of the Clerk of the Course.

2.9.0 All Cars must be sanitised between driver changes. Sanitisation should include but is not limited to, steering wheel, gear knob and handbrake, dials, dashboard, driver's door card, and driver's side of the roll cage, harness belts and buckle, and driver's seat, including any seat mechanism.

- I. Failure to sanitise the car during the driver change will result in a stop-go penalty, where the team will be required to sanitise the vehicle, in the stop-go penalty area under supervision.

Reason:

Competitor safety

The inclusion of a minimum pit stop time is to allow for refuelling time in addition to the proper sanitising of the car during a driver change.

Footnote:

- All teams are expected to adhere to social distancing guidelines as outlined by Motorsport UK
- All teams must provide adequate outside areas for team members and drivers to retreat to i.e. a gazebo so drivers and team members are not in garages when not required
